### May KEYSTONE Principle for Living: CONFIDENCE

Remind your child of the Keystone Principle and what it "looks & feels like" during everyday events! For example ask them questions or talk about past experiences; "Remember when you were nervous but gave "it" a try anyway and did a great job?" or "How did you feel when you tried "something new or different" and you were good at it?" Examples: riding a bike, swimming, music program, class report, etc.

### Children's Miracle Network (CMN)

CMN is a non-profit organization dedicated to saving and improving the lives of children by raising funds for children's hospitals across North America. Congratulations to LPS for raising over \$2,653 for CMN this year! You guys are the kindest hearted bunch of kids for giving your time and resources to others in need. You make us proud!
